

INSPIRE LIFE-LONG LEARNERS

Host a United Way
Literacy Kit project at
your workplace.

Learning to read is the most important predictor of a child's future success. Yet, many kids miss this important milestone. In the time it takes to have lunch, employees can create United Way Literacy Kits — a fun, simple solution to engage children and help them learn to read.

What are United Way Literacy Kits?

United Way Literacy Kits deepen children's reading experience and help them build their libraries at home. Volunteers use their creativity along with arts and crafts to design related props, games or other activities to make reading interactive and enjoyable for everyone involved. The crafts that volunteers create will stay with the book and help bring that book to life when the child reads it.

While making Literacy Kits, volunteers will participate in a unique experience with co-workers and make a meaningful difference in the community. The experience can be easily customized to meet your workplace's community goals and helps build employee morale.

In the past year, nearly 1,600 children in our community received United Way Literacy Kits made by more than 600 volunteers.
