Membership to United Way Worldwide requires local United Ways to charge donors no more than the actual cost incurred to process and transfer their designated gifts (UWW publication titled "Cost Deduction Standards for Membership Requirement M"). The formulas utilized to determine such costs are based upon a current, 3-year average of information taken from the IRS form 990. United Ways are permitted to charge less than this amount, so long as the amount of undesignated dollars used to subsidize this policy, if applicable, is knowingly undertaken by the local United Way's Board.

While this standard would allow us to deduct up to 17.21%, designated gifts through the United Way Community Campaign are subject to a 10% fee (includes administration and fundraising costs), capped at \$100 per designated gift.
