Tel: 860-571-6191 Fax: 860-571-6190

Dear Union Brothers and Sisters,

On behalf of the Connecticut AFL-CIO, I would like to thank all of you who help those in need in our community by supporting the United Way Community Campaign.

In partnership with Connecticut United Ways and Central Labor Chapters across the state, we continue to make a difference in the lives of our families, friends and neighbors.

The Connecticut United Ways believe in creating real, lasting change across the state. United Way supports the United Labor Agency, labor's community services agency, in order to ensure that working men and women and their families have the resources they need in times of crisis.

The success of the United Way Campaign requires our individual and collective support. If you have a campaign in your workplace, please be as generous as you can. If your local has not supported the United Way in the workplace, please encourage them to launch a United Way campaign this year.

Like us, the United Way understands the importance of bringing people together, uniting for the common good, ensuring that basic human needs are met, and building stronger communities where we live and work. As partners we can continue to create results that matter for working families and change the world. By working together with United Way, we can all LIVE UNITED!

I hope you will support the United Way Campaign, because your contribution is part of the labor movement's best tradition - helping those who need it most.

In Solidarity:

Sal Luciano
President
