## About the 2021 *ELS Case Competition*

In September 2021, ELS launched its third case competition bringing together teams of emerging leaders from across the country, executive mentors, judges, sponsors, and volunteers to help address the barriers that contribute to hunger and access to food in central and northeastern Connecticut. Teams were immersed in learning about food insecurity and were positioned to identify creative solutions, develop personally and professionally, sharpen their virtual presence and form a network of individuals with diverse backgrounds and leadership styles.

United Way Emerging Leaders Society (ELS) powered by ConnectiCare created this “Shark Tank” style competition to allow for innovative thinking, problem-solving and professional development, all while offering up ideas that may have a long-term impact on our community.

### Excerpt from Steam United's *La Cocina de mi Abuela* Public Awareness Campaign

"Hartford has one of the highest concentrations of ALICE (**A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed) families with food insecurity among the areas served by United Way of Central and Northeastern Connecticut. The many food pantries and resources in this area remain under-utilized, especially by Spanish-speaking families, due to factors including differing hours of operation, documentation requirements, and the pride of those who would be served.

We estimate 9,000 households of the Hartford Hispanic community are in the ALICE category. Our target geographic area of Frog Hollow, Barry Square, and Behind the Rocks neighborhoods, are 70% Hispanic, with a concentration of approximately 4,000 ALICE households.

Through our campaign, *Cocina de mi Abuela*, United Way can have the greatest exposure per dollar and improve the rate at which Spanish-speaking ALICE families use food-sharing services by enhancing awareness and acceptance.

Our campaign is tailored to increase familiarity, reduce stigma, and streamline the experience for new and existing patrons of food pantries. We aim to achieve this using a "Spanish-First" printed and word-of-mouth distribution via faith-based organizations and schools, combined with social media outreach through United Way's social media channels. The focus of our campaign will tie into CT Foodshare's annual Walk Against Hunger, highlighting at least one local food pantry, and host the festive unveiling of a community mural delivered in partnership with a local Neighborhood Revitalization Zone (NRZ)."

## About Emerging Leaders Society

Connect Leaders. Cultivate Relationships. Change Our Community.

ELS is a convener of local, young professionals. ELS members represent a new generation of leaders committed to making a difference in our community by leveraging the power of United Way to connect, serve and grow – both personally and professionally.

@uwelsct  
#DoSomethingBIG

## About United Way

United Way of Central and Northeastern Connecticut's mission is to engage and bring together people and resources committed to the well-being of children and families in our community. Our vision is a community where opportunities are available for every child to succeed in school and for every family to achieve financial security.

United Way brings people and resources together to address immediate needs and find long-term solutions to challenging problems, such as hunger. We do this by investing in programs and services, leading community change initiatives and mobilizing resources and volunteers. With your support, we and our network of community partners will build back better from the COVID-19 pandemic.

United Way of Central and  
Northeastern Connecticut

## Why Your Support Matters

Most households who have not accessed food services before COVID-19 are unfamiliar with existing ways to get food assistance.

66% of families who accessed emergency food for the first time during the pandemic could not name a food pantry.

There was an alarming 14% increase in food insecurity across Connecticut in 2020. One in every seven adults and one in every six children across the state are at risk of hunger.

While data exists around those seeking food resources, there are many potentially vulnerable populations that aren't always captured effectively in data collection efforts (ex: communities of color, veterans, the elderly and children).

Many households experiencing food insecurity are ALICE, a United Way-coined acronym that stands for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed. These are adults and families with incomes above the Federal Poverty Level but below a basic cost-of-living threshold. Simply put – despite working hard, they struggle to make ends meet.

## Personal Messages

Congrats to all of the participants!!!  
Participating in the Case Competition  
as a Steering Committee member has  
been a thoroughly enjoyable experience.  
The time, effort, passion and personal  
growth demonstrated by each team was  
amazing to watch!

Thank you United Way, Rebekah and  
MacKenzie for the opportunity to  
serve.

Aaron Knight  
- Steering Committee -

Well done to all the participants!

As this experience clearly showed, you  
have the power to drive community  
solutions that deliver sustainable results -  
unleash that power and the world will  
benefit! Thank you for the opportunity  
to be part of such a great program!

Mentoring the HHC Changemakers team was an incredibly enriching  
experience - I am very grateful to the United Way for giving me the  
opportunity to work with this group! Veronica, Victoria, Claudia, Maria and  
Hima clicked as a team from the outset and with their shared experience  
at Hartford Healthcare they laid the foundation for a trusting and  
energetic dynamic. Everyone participated whole heartedly in each meeting  
and they respected and valued each other's opinions and that alignment  
was clear in their presentations. It was a pleasure to mentor them  
through the stages of the competition with enthusiasm and I was so proud  
of the work they produced. Thank you to HHC Changemakers for being so  
engaged and for truly embodying the spirit of teamwork and collaboration -  
your work and home teams are lucky to have each of you!

Chelsea Mouta

Watching the relationships bloom

To our mentor Carlos,

It was a pleasure to learn from you! We appreciate how you challenged us to think outside the box, to validate our thoughts and engage in effective teamwork. We thank you for planning and organizing our team meetings, connecting us with the correct resources that empowered us to take our thoughts to the next level. We are truly grateful for all you have done for our team. Without your support and help we would not have made it as far as we did. Thank you!

Sincerely,
