

# WOMEN OF TOCQUEVILLE

Women of Tocqueville is a transformative group of committed business, civic and philanthropic women leaders dedicated to helping their neighbors in need and stabilizing families struggling to make ends meet through engagement opportunities to tackle challenges and create sustainable change for ALICE\* families. Through involvement, members are afforded the chance to build strong bonds with other like-minded philanthropists, deepen their knowledge of community issues, and support women and children by sharing their wisdom, service, and generosity.

## Women of Tocqueville Focus

In Connecticut, before the pandemic, 38 percent of households were unable to make ends meet; 27 percent of households were ALICE. Today, 40 percent of households are unable to make ends meet.

ALICE households are working hard, often multiple jobs, and still struggle to afford the basics. ALICE is our family, our neighbors, and our friends. ALICE is educators, health care professionals, front line workers, retail associates and other professions that keep our economy running. Here in Connecticut, the cost of living continues to outpace wages, meaning that many families find themselves struggling to make ends meet and one emergency away from a potential financial crisis.

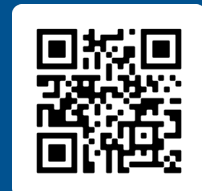

Women of Tocqueville members will have opportunities to be actively engaged in United Way activities focused on improving outcomes for ALICE households such as community problem solving sessions, community conversations, advocacy events and providing input into program funding recommendations.

Through gifts of wisdom, service and treasure, the collective power of Women of Tocqueville members helps facilitate and enable the change necessary for all local children and families to thrive.
