*"Our experience working with United Way has been exceptional. Their support has enabled us to access numerous volunteer opportunities that may have otherwise been out of reach. For instance, they facilitated our involvement with South Park Inn, a homeless shelter in Hartford, CT, where we participated in an outdoor cleanup project. United Way provided comprehensive support for this project, including all necessary supplies. Their staff consistently demonstrate professionalism, friendliness and helpfulness. We greatly value our collaboration with United Way and look forward to continuing our partnership."*
